

THIS IS IMPORTANT: IT WILL AFFECT THE QUALITY OF YOUR LIFE

Kirkheaton Future has a Mission

“To consult, prepare, gain approval for and regularly update a Neighbourhood Development Plan”

Why is the Neighbourhood Development IMPORTANT? Because there is no up-to-date approved development plan for Kirklees, the village has been the subject of many ill-considered planning applications for major developments. A Neighbourhood Development Plan for the village will be community led and WILL guide the future development of OUR village. Once it is adopted it becomes part of the statutory development plan for the area and MUST be considered in any planning process and it will have LEGAL status and power.

We need your HELP to prepare the Neighbourhood Development Plan:

- It will guide the future development, regeneration and conservation of the village
- It is an opportunity for **YOU** to influence how the village is developed

Your HELP is needed to collect information and Develop Ideas

- Throughout the process of developing the plan, it is essential to ensure that village residents and others are fully involved and engaged.
- The plan must reflect these views for it to gain full approval and adoption

What issues are Important to YOU ? Here are some examples

- What type of new homes are needed and where?
- Preservation of open countryside between adjacent villages
- Protection of green open spaces for sport, recreation and environmental purposes
- Future requirement for community facilities and services

How can YOU help ?

We need to use a wide range of skills in order to prepare the Neighbourhood Development Plan - from Professional and Technical input to delivering and collating surveys.

To find out how **YOU** can help or for more information please get in touch, otherwise the Neighbourhood Development Plan cannot be prepared:
